

Visit of the delegation from Turkmenistan to ANRANR

On 23.06.2025, within the National Agency for the Regulation of Nuclear and Radiological Activities, the delegation of 4 representatives of the radioactive waste management structures from Turkmenistan was received.

This, for a week, participates in the IGSU "Special Objects No. 5101, 5102" ÎSDS in an exchange of experience in the field of Radioactive Waste Management, organized with the support of the International Atomic Energy Agency (IAEA).

According to the Work Agenda, ANRANR brought to the attention of the delegation information on the regulatory system of activities with sources of ionizing radiation - the framework legislative-normative, authorization and inspection procedures, records of sources and radioactive waste.

At the same time, the experience of the Republic of Moldova regarding the actions taken to strengthen radioactive waste management capabilities was shown.
